EDUCATION

McGill University	Montreal, Canada
B.Sc Computer Science *GPA: 3.9*	Aug 2022 - Present

Forest Hill Collegiate Institute	Toronto, Canada
Ontario Secondary School Deploma	Sep 2018 - Jun 2022

EXPERIENCE

UCC Summer Camps — Toronto, Canada
Camp Director (Game Design) — Jun 2022 - Aug 2022

- Created comprehensive lesson plans (C# & Unity) and increased the camp program efficiency via training material and communication.
- Managed high-responsibility parent interactions effectively.
- Led the hiring process and program budgeting for the UCC GameTech camp via Microsoft Suite.

UCC Summer Camps — Toronto, Canada
Camp Counsellor (Game Design) — Jun 2021 - Aug 2021

- Collaboratively solved technical issues within tight time frames and high-pressure environments.
- Led lessons on Unity engine game design involving C# programming while expanding the lesson curriculum.

Bayview Glen Camp — Toronto, Canada
Camp Counsellor — Jun 2019 - Aug 2019

- Rapidly adapted to various situations involving camper safety, such as outdoor and swim activities.
- Adhered to a daily schedule and empowered coworkers to facilitate a positive environment.

PROJECTS

Personal Website *HTML, CSS, Photoshop* — https://github.com/J4keF/J4keF.github.io
Profile site using elements of HTML, advanced CSS such as complex animations, and custom designed elements.

Second Course App *Java, Android Studio* — https://github.com/imiann/Second-Course
A Java based android app fighting food insecurity by giving unclaimed meals a second life.

PGM Image Processing *Python, Image Compression* — https://github.com/J4keF/PGMProcessing
A series of Python functions designed to manipulate and compress PGM type images.

Currency API Access *Python, APIs* — https://github.com/J4keF/CoinApi
A user transfer and balance displaying program that accesses an API storing coin account information.

Bridge: Long Distance *Django, HTML, CSS* — https://github.com/imiann/Bridge
A website designed to centralize the elements of a long distance relationship featuring front end design & Django back end elements including a photo album & planning list.
